Subject: Comm. v.

Good morning Susan. I just received a summons for Commonwealth v. on 6/29/10 and I had a couple of questions. The summons I received only has the lab numbers of 3 of the 9 samples that we received. Is it only those 3

samples being tried in this case? Also, will the other chemists involved with the other samples need to be summonsed as well? Thanks for your time.

-Dan

Hi Susan. I'd be happy to compile the data and send it out to you. Could you please just fax us over a written request, as per our lab policy, to the main lab number (listed below)? Thank you so much!
